Santosh Rajbhar

Flutter Developer & Team Lead

santoshrajbhar.dev@gmail.com | India · Remote
github.com/SANTOSHR0 | linkedin.com/in/kaladrsta

SUMMARY

Flutter specialist shipping production mobile apps since 2020 — now leading a team and building across the stack with Java & Spring Boot.

PROJECTS

TrueVisual · Visual Proofs Platform — truevisual.io
Tamper-proof capture and sharing of photo & video proof for tasks, activities, and processes — reliable and authentic.
Flutter · Dart

Kushal WMS · Warehouse Management System
End-to-end warehouse operations — inventory tracking, receiving, storage, picking, packing, and shipping — for fewer errors and lower costs.
Flutter · Dart · Spring Boot

King of Cards · Dealer App — kingofcards.in
Dealer app for King of Cards — browse 4,000+ wedding-card designs, place orders, check stock, and track inquiries in real time.
Flutter · Dart

ParentPA.ai · School Communication — parentpa.ai
Keeps parents connected to their child's school with a shared calendar, automatic updates, and timely notifications.
Flutter · Dart
